Why People Love it

Safety, security and savings. Oh yeah and because it is fun!! Where else can you drive multiple types of vehicles for just few dollars! Our excellent insurance coverage will provide peace of mind during every reservation. With the savings created through car sharing you can afford to go on a weekend getaway or spring for the "fluff and fold" service at the laundromat (ahh, just like Mom used to do it).

Each U Car Share® vehicle can take up to 15 personally owned vehicles off the road. Car sharing increases transit ridership and reduces the number and the length of trips people make in a car. U Car Share helps improve air quality and reduces parking congestion.

Save time, money and the environment with convenient, cost effective transportation.

About Us

- Improves air quality
- Reduces parking congestion
- Takes vehicles off the road

U Car Share is a division of U-Haul. U-Haul has over 60 years of experience in providing stellar products and service. U-Haul was founded on the fundamental philosophy that "the division of use and specialization of ownership" are good for our customers and the environment. We have multiple sustainability programs in place such as one way truck rentals.

- Box exchange, using denim remnants from jean manufactures to make our moving pads (*diverting 2.4 million lbs of recyclable materials from landfills*)
- Fuel economy gauges
- Sustainable self-storage (*100% reused materials*)
- The use of permeable ground cover (*instead of concrete or asphalt*)
- Battery recycling building green.
- A biodegradable packing peanut made primarily of corn and potato starch that dissolves in water. These packing peanuts have been able to help keep more than 6,119,023 cu ft of Styrofoam out of landfills.
- U-Haul has contributed over 1 million dollars to The Conservation Fund's Go Zero program to plant trees and help cancel out emissions.

Drive By The Hour

U Car Share® offers convenient 24/7 access to a dispersed fleet of vehicles on campus and/or on city streets. Our fleet of low-emission compacts, hybrids and utility vehicles are parked nearby for you to use.

Our Low Price Guarantee

Rates start as low as \$4.95 plus mileage or a \$8-\$12 hourly rate with 180 miles included per reservation. Our promise to you is to always give you the lowest rater.

How Does It Work?

Join – You only pay once with U Car Share®, our low one-time membership fee is just \$25.00. We have no annual fees and no deposits necessary. Go online to www.ucarshare.com and in 3-5 minutes you will have completed the online application. We accept drivers 18 years of age and up.

Reserve – Our online reservation system will show you what vehicles are available when and where. Select your desired location, vehicle and time. Walk, bike or bus to the vehicle located near you. Members pay one low hourly rate that includes gas, insurance, 24/7 customer service and 24/7 road side assistance.

Drive – Upon arriving at the vehicle just hold your membership card over the box in the windshield and the doors will unlock. Open the glove box and take the key out of the key fob and you're on your way!!

Monthly Cost Comparison Chart

Cost of owning

Type of car: A small sedan such as the Honda Civic, Toyota Corolla or Nissan Sentra.

Car payment.....	(including depreciation) \$283
Finance Charges.....	\$65
Insurance.....	\$79
Gas.....	\$80
License/Registration/Taxes.....	\$35
Maintenance/Tires.....	\$48
Parking (estimated by U Car Share).....	\$182

Total Monthly Cost = \$772 per month

Costs of U Car Share

Type of car: A different one every time, one day a Toyota Prius and the next time a Ford Focus or maybe a Mini Cooper, you decide.

If you drive a lot:

Use the U Go 125 plan that offers a 15% discount: Multiple trips each week and one weekend getaway, about 74 hours in drive time (10 two-hour, 2 three-hour and 2 full day reservations) **Only \$346.50 per month**

If you drive a fair amount:

Use the U Go 50 plan that offers a 10% discount: A few trips here and there, about 20 hours in drive time (6 two-hour and 2 four-hour reservations) **Only \$171.00 per month**

If you don't drive much:

Use our basic Pay as U Go rate plan: About 4 three-hour reservations per month will cost approximately \$114.00 per month or if you drive less like 4 one-hour reservations per month **Only \$38.00 per month**

With each reservation you will be able to see your estimated reservation cost and you can change your plan anytime (one month you might need to drive more than the next).

Not only do you reduce your carbon footprint, but you also save money. According to the "AAA Your Driving Costs 2009 Edition" the yearly cost of a Small Sedan driven 10,000 miles per year will cost \$9,853. The yearly cost of a 4WD Sport Utility Vehicle driven 10,000 miles per year will cost \$16,187. Even cheap rental vehicles are costly when you factor in gas, insurance, mileage, fees and the time you spend at the rental counter
