What is Car Sharing?

U Car Share is a membership-based car share program. As a member, you will have access to vehicles conveniently parked at locations around the community. **Reserve** the car when you want it, either online or over the phone. **Drive** the car to the store and run your daily errands. **Return** the car at the end of your reservation for sharing with other U Car Share members. Get rid of the hassles of owning a car while reducing your carbon footprint. Go online to ucarshare.com and join today.

Car sharing is an alternative system of car ownership, access and use. It provides flexibility for an urban lifestyle. With gas, miles and insurance included in one low, hourly or daily rate, U Car Share provides convenient access to vehicles when you need it.

Why Use Car Sharing?

Transportation is the lifeblood of any economy. However, our fast-growing urban centers are faced with increasingly clogged arteries. Car sharing is not a substitute for public transportation. Rather, it compliments public transportation when a more flexible alternative is needed.

Is U Car Share Right For You?

- Are you spending far too much on car insurance?
- Is gas becoming annoyingly expensive?

- Are parking costs becoming outrageous?
- Is maintenance a drain on your wallet?
